RWTF Group Life Insurance Scheme

The Trustees administer the scheme for serving permanent (SERCAT 6 or 7) Air Force members. Members of the Air Force Reserve who are serving on continuous full-time service for periods of six-months or more are also eligible to join the scheme for the period of full-time service. The scheme provides, upon the death of a financial member, a \$15,000 lump sum payment to that member's nominated beneficiary, where possible within 48 hours of the beneficiary bank details. The Trustees, dependent upon availability of funds, are able to make loans to financial members of the scheme.

The scheme had 7,641 contributors as at 30 June 2020. Current membership of the scheme represents approximately 53% of permanent RAAF members and, in market terms, represents a very good take up of the scheme by Air Force members. During the period under review the RWTF paid \$105,000 in benefits to the nominated beneficiaries of deceased Air Force members.

General Grants

The RWTF provided \$36,756 in support of ten serving or ex-serving members of the Air Force facing unanticipated financial hardship. The grants were in support of costs associated with, but not limited to, additional costs arising from medical conditions including loss of income, accommodation expenses or additional transport costs to attend treatment. Three of the grants provided were in support of additional travel, repatriation or financial support as a result of COVID 19.

Base Welfare Grants Scheme

In June 2013 the Board introduced a Base Welfare Grants Scheme. The purpose of the scheme is to provide grants of funds to bases to support the welfare and amenity available to Air Force personnel and their dependants and, incidentally, any other Service or Australian Public Service personnel who may be co-located with the Air Force members.

The scheme is intended to be flexible in terms of the forms of welfare that could be supported, and the amount which the RWTF in its discretion could provide. During 2019-20 \$175,625 was approved for distribution to bases across Australia, an increase from \$145,824 provided in 2018-19.

INDEPENDENT AUDITOR'S REPORT

To the Minister for Defence Personnel

Opinion

In my opinion, the financial statements of the Royal Australian Air Force Welfare Trust Fund for the year ended 30 June 2020:

- (a) comply with Australian Accounting Standards – Reduced Disclosure Requirements and the *Public Governance, Performance and Accountability (Financial Reporting) Rule 2015*; and
- (b) present fairly the financial position of the Royal Australian Air Force Welfare Trust Fund as at 30 June 2020 and its financial performance and cash flows for the year then ended.

The financial statements of the Royal Australian Air Force Welfare Trust Fund, which I have audited, comprise the following statements as at 30 June 2020 and for the year then ended:

- Statement by the Trustees and Fund Secretary;
- Statement of Comprehensive Income;
- Statement of Financial Position;
- Statement of Changes in Equity;
- Cash Flow Statement; and
- Notes to the financial statements, comprising a Summary of Significant Accounting Policies and other explanatory information.

Basis for Opinion

I conducted my audit in accordance with the Australian National Audit Office Auditing Standards, which incorporate the Australian Auditing Standards. My responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of my report. I am independent of the Royal Australian Air Force Welfare Trust Fund in accordance with the relevant ethical requirements for financial statement audits conducted by the Auditor-General and his delegates. These include the relevant independence requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) to the extent that they are not in conflict with the *Auditor-General Act 1997*. I have also fulfilled my other responsibilities in accordance with the Code. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Other Information

The Accountable Authority is responsible for the other information. The other information comprises the information included in the annual report for the year ended 30 June 2020 but does not include the financial statements and my auditor's report thereon.

My opinion on the financial statements does not cover the other information and accordingly I do not express any form of assurance conclusion thereon.

In connection with my audit of the financial statements, my responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or my knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work I have performed, I conclude that there is a material misstatement of this other information, I am required to report that fact. I have nothing to report in this regard.

Accountable Authority's Responsibility for the Financial Statements

As the Accountable Authority of the Royal Australian Air Force Welfare Trust Fund the Trustees are responsible under the *Public Governance, Performance and Accountability Act 2013* for the preparation and fair presentation of annual financial statements that comply with Australian Accounting Standards – Reduced Disclosure Requirements and the rules made under that Act. The Trustees are also responsible for such internal control as the Trustees determine is necessary to enable the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Trustees are responsible for assessing the Royal Australian Air Force Welfare Trust Fund's ability to continue as a going concern, taking into account whether the entity's operations will cease as a result of an administrative restructure or for any other reason. The Trustees are also responsible for disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the assessment indicates that it is not appropriate.

Auditor's Responsibilities for the Audit of the Financial Statements

My objective is to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian National Audit Office Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with the Australian National Audit Office Auditing Standards, I exercise professional judgement and maintain professional scepticism throughout the audit. I also:

- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control;
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Accountable Authority;
- conclude on the appropriateness of the Accountable Authority's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the entity to cease to continue as a going concern; and
- evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

OVERVIEW

Objective of the Royal Australian Air Force Welfare Trust Fund (RWTF)

The RWTF is a corporate Commonwealth entity. It is a not-for-profit entity. The RWTF was established by the *Services Trust Funds Act 1947*. The Act provides that the Trustees shall, subject to and in accordance with the regulations, apply the Fund in providing benefits for members of the Defence Forces who have served in, or in association with, the Royal Australian Air Force and to the dependants of such members.

The RWTF does not receive nor is it reliant on Government funding.

The Basis of Preparation

The financial statements are general purpose financial statements and are required by section 42 of the *Public Governance, Performance and Accountability Act 2013*.

The financial statements have been prepared in accordance with:

- a. *Public Governance, Performance and Accountability (Financial Reporting) Rule 2015* (FRR); and
- b. Australian Accounting Standards and Interpretations – Reduced Disclosure Requirements issued by the Australian Accounting Standards Board (AASB) that apply for the reporting period.

The financial statements have been prepared on an accrual basis and in accordance with the historical cost convention, except for certain assets and liabilities at fair value. Except where stated, no allowance is made for the effect of changing prices on the results or the financial position. The financial statements are presented in Australian dollars.

New Accounting Standards

Adoption of New Australian Accounting Standard Requirements

All other new/revised/amending standards and/or interpretations that were issued prior to the sign-off date and are applicable to the current reporting period did not have a material effect on the RWTF's financial statements.

The RWTF has applied the requirements of AASB 1058 *Income of not-for-profit entities* effective from 1 July 2019. As part of the implementation, the management of the RWTF has undertaken an assessment and concluded that the income recognition methods that have historically been in place are consistent with the requirements of this new standard. Accordingly, there were no adjustments and no amounts taken to retained surplus on initial adoption of this new standard. Accordingly, the comparative information presented for 2019 is not restated, that is, it is presented as previously reported under the various applicable AASBs and related interpretations.

Future Australian Accounting Standard Requirements

All new/revised/amending standards and/or interpretations that were issued prior to the sign-off date and are applicable to the future reporting period(s) are not expected to have a future material effect on the RWTF's financial statements.

Taxation

The RWTF is exempt from all forms of taxation except Fringe Benefits Tax (FBT) and the Goods and Services Tax (GST). The Australian Taxation Office has advised that the RWTF is a 'financial supply provider', consequently GST is not charged on revenue. The RWTF has no entitlement to input tax credits. Expenses are GST inclusive.

Events after the Reporting Period

There was no subsequent event that had the potential to significantly affect the ongoing structure and financial activities of the RWTF.

Environmental Performance

Section 516A of the *Environment Protection and Biodiversity Conservation Act 1999* (the EPBC Act) requires Commonwealth agencies accord with and contribute to ecologically sustainable development. The RWTF administration resides within Department of Defence office space and as such has no quantitative data, but commits to Department of Defence initiatives and minimising paper usage through increased use of new technologies.

Therefore it is not required to make Australian Income Tax Equivalent payments to the Government.

Miscellaneous income	31	50
Total sale of goods and rendering of services	209,045	217,182

Accounting Policy

Revenue from the sale of goods is recognised when control has been transferred to the buyer.

Receivables for goods and services, which have 30 days terms, are recognised at the nominal amounts due less any impairment allowance account. Collectability of debts is reviewed as at end of reporting period. Allowances are made when collectability of the debt is no longer probable.

Resources Received Free of Charge

Resources received free of charge are recognised as revenue when and only when, a fair value can be reliably determined and the services would have been purchased if they had not been donated. Use of those resources is recognised as an expense. Resources received free of charge are recorded as either revenue or gains depending on their nature.

Other Types of Revenue

A charge is recovered from loan applicants to help defray administrative expenses and to provide growth in the RWTF. These member contributions are recognised as income in the year the loan is made and form part of the outstanding loan amount.

Revenue from Group Life Insurance premiums are recognised on an accruals basis.

	2020 \$	2019 \$
3.1A: Employee provisions		
Leave	37,466	27,993
Total employee provisions	37,466	27,993

Accounting Policy

Liabilities for 'short-term employee benefits' and termination benefits expected within twelve months of the end of the reporting period are measured at their nominal amounts.

Other long-term employee benefits are measured as net total of the present value of the defined benefit obligation at the end of the reporting period minus the fair value at the end of the reporting period of plan assets (if any) out of which the obligations are to be settled directly.

Leave

The liability for employee benefits includes provision for annual leave and long service leave.

The leave liabilities are calculated on the basis of employees' remuneration at the estimated salary rates that will be applied at the time the leave is taken, including the RWTF's employer superannuation contribution rates to the extent that the leave is likely to be taken during service rather than paid out on termination. The estimate of the present value of the liability takes into account attrition rates and pay increases through promotion and inflation.

Superannuation

The RWTF makes employer contributions to the employees' personal superannuation schemes at the rate of 15.4%. Contributions during the period 1 July 2019 to 30 June 2020 are detailed at Note 1.1A. From 1 July 2019 with the introduction of One Touch Payroll, Note 1.1A Superannuation expense no longer includes employee salary sacrifice contributions.

The liability for superannuation recognised as at 30 June 20 represents outstanding contributions.

3.2 Key Management Personnel Remuneration

Key management personnel are those persons having authority and responsibility for planning, directing and controlling the activities of the Fund directly or indirectly, including any Trustee (whether executive or otherwise) of that Fund. The RWTF has determined the key management personnel to be the Trustees. Trustees are not entitled to receive from the RWTF any remuneration for any work done by them in relation to the administration of the RWTF. Under Part 2, Section 14 of the *Services Trusts Funds Act 1947*, a person who is a Trustee or a dependant of a Trustee shall not receive benefits from the Fund.

No Trustee has received any remuneration or other benefit during their tenure as a Trustee. Key management personnel remuneration excludes the remuneration and other benefits of the Portfolio Minister. The Portfolio Minister's remuneration and other benefits are set by the Remuneration Tribunal and are not paid by the Fund.

The following were Trustees during the period 1 July 2019 to the date of the Report of Operations.

3.3 Related Party Disclosures

Related Party Relationships:

The Fund is an Australian Government controlled entity. Related parties to this entity are the Minister for Defence Personnel, Cabinet Ministers, Trustees, Key Management Personnel including the Executive, and other Australian Government entities.

Transactions with Related Parties:

Given the breadth of Government activities, related parties may transact with the government sector in the same capacity as ordinary citizens. Such transactions include the payment or refund of taxes, receipt of a Medicare rebate or higher education loans. These transactions have not been separately disclosed in this note.

Significant transactions with related parties can include:

- the payments of grants or loans;
- purchases of goods and services;
- asset purchases, sales transfers or leases;
- debts forgiven; and
- guarantees.

Giving consideration to relationships with related entities, and transactions entered into during the reporting period by the Fund, it has been determined that there are no related party transactions to be separately disclosed.

3.4 Employees

The table below identifies the status of the two RWTF employees:

MANAGING UNCERTAINTIES

This section analyses how the RWTF manages financial risks within its operating environment.

4.1 Contingent Assets and Contingent Liabilities

The RWTF has no contingencies in either the current or the immediately preceding reporting periods therefore a Schedule for such items has not been included in the financial statements.

Accounting Policy

Contingent liabilities and contingent assets are not recognised in the statement of financial position but are reported in the notes. They may rise from uncertainty as to the existence of a liability or asset or represent an asset or liability in respect of which the amount cannot be reliably measured. Contingent assets are disclosed when settlement is probable but not virtually certain and contingent liabilities are disclosed when settlement is greater than remote.

Accounting Policy

Financial assets

With the implementation of AASB 9 *Financial Instruments* for the first time in 2019, the RWTF classifies its financial assets in the following category:

- a. financial instruments measured at amortised cost.

The classification depends on both the entity's business model for managing the financial assets and contractual cash flow characteristics at the time of initial recognition. Financial assets are recognised when the entity becomes a party to the contract and, as a consequence, has a legal right to receive or receive a legal obligation to pay cash and derecognised when the contractual rights to the cash flows from the financial asset expire or are transferred upon trade date.

Comparatives have not been restated on initial application.

Financial Assets at Amortised Cost

Financial assets included in this category need to meet two criteria:

1. the financial asset is held in order to collect the contractual cash flows; and
2. the cash flows are solely payments of principal and interest (SPPI) on the principal outstanding amount.

Effective Interest Method

Income is recognised on an effective interest rate basis for financial assets that are recognised at amortised cost

Impairment of Financial Assets

Financial assets are assessed for impairment at the end of each reporting period based on Expected Credit Losses, using the general approach which measures the loss allowance based on an amount equal to lifetime expected credit losses where risk has significantly increased, or an amount equal to 12-month expected credit losses if risk has not increased.

The simplified approach for trade, contract and lease receivables is used. This approach always measures the loss allowance as the amount equal to the lifetime credit losses.

A write-off constitutes a derecognition event where the write-off directly reduces the gross carrying amount of the financial asset.

Financial liabilities

Financial liabilities are classified as either financial liabilities 'at fair value through profit or loss' or other financial liabilities. Financial liabilities are recognised and derecognised upon 'trade date'.

Financial Liabilities at Fair Value Through Profit or Loss

Financial liabilities at fair value through profit or loss are initially measured at fair value. Subsequent fair value adjustments are recognised in profit or loss. The net gain or loss recognised in profit or loss incorporates any interest paid on the financial liability.

Financial Liabilities at Amortised Cost

Financial liabilities, including borrowings, are initially measured at fair value, net of transaction costs. These liabilities are subsequently measured at amortised cost using the effective interest method, with interest expense recognised on an effective interest basis. Supplier and other payables are recognised at amortised cost. Liabilities are recognised to the extent that the goods or services have been received (and irrespective of having been invoiced).

6.2 Insurance

The RWTF has insured for risks through the Government's insurable risk managed fund, called 'Comcover'. Workers compensation is insured through the Government's Comcare Australia.

6.3 Losses from Loan Re-Measurement and Loan Interest

In accordance with AASB 9, the decision to provide a loan at no interest represents income foregone by the lender. The income foregone (or financial loss) should be recognised at the time of the decision to make the loan rather than over the life of the loan. Therefore the accounting standard requires that the loss be recognised at the time that the loan is made. After initial recognition, the loan should be treated consistent with a commercial loan (as represented by the recognition of interest revenue over the remaining life of the loan).

In accounting terms, AASB 9 requires that:

1. Financial assets issued at less than a market interest rate are required to be discounted to their fair value, with the difference between the issue price and the fair value (i.e. the financial loss for interest foregone) being recognised as a loss in the statement of comprehensive income and as a reduction in the value of the loan receivable; and
2. Over the life of the loan, a notional interest income is recognised as interest revenue in the statement of comprehensive income and an increase in the loan receivable.

6.4 Resources provided 'Free of Charge' to the Fund

During the year the following resources were provided free of charge by the Department of Defence:

- a. Office accommodation with computer, telephone, postage and stationery support;
- b. Use of the Australian Defence Force pay system to recover loan repayments from serving Air Force members; and
- c. Assistance from Defence Force personnel on an ad-hoc basis.

The above resources cannot be reliably measured and have not been recognised in the financial statements.

6.5 Economic Dependency

The RWTF receives economic support from the Department of Defence by way of the provision of administrative support, computer and communication facilities and office accommodation for the RWTF's Secretariat. However, the Trustees consider that in the event that the support provided by the Department of Defence was fully or partly withdrawn, the RWTF is in such a position that it could continue to provide benefits, although possibly at a reduced level, to eligible persons.

Royal Australian Air Force Welfare Trust Fund Annual Performance Statement

The Trustees, as the accountable authority of the Royal Australian Air Force Welfare Trust Fund, present the 2019 – 2020 annual performance statement of the Royal Australian Air Force Welfare Trust Fund, as required under paragraph 39(1)(a) of the *Public Governance, Performance and Accountability Act 2013* (PGPA Act). In our opinion, this annual performance statement is based on properly maintained records, accurately reflects the performance of the entity, and complies with subsection 39(2) of the PGPA Act.

The purpose of the Royal Australian Air Force Welfare Trust Fund is to provide benefits for members of the Defence Forces who have served in, or in association with, the Royal Australian Air Force and to the dependants of such members.

The following activities, as detailed in the Royal Australian Air Force Welfare Trust Fund corporate plan for the reporting period 2019 -2020, enabled the Fund to meet objectives.

Activity	Performance Monitoring and Measurement	Analysis
Low cost loans		
Objective: Make low cost loans available to eligible persons Results: The Fund provided 2808 loans to Air Force members totalling \$13,161,400.	<ol style="list-style-type: none"> 1. Compare current year financial data sets against previous year data sets and against cash flow forecasts. 2. Review loan achievement compared with desired focus on lower-paid personnel. 3. Review maintenance of real value of loans. 4. Loan requests decreased during the reporting period. An individual reason could not be ascertained, however, COVID 19 restrictions reduced workplace attendance, which may have contributed to the lower numbers. 2. Loans paid to lower-paid personnel represented 61% of all loans. 3. The maximum value of the loan available to service personnel increased to \$5,000 from \$4,500 in January 2018. 4. Members apply using a digital loan application. This application was upgraded and released in March 2020.

Grants to Individuals		
<p>Objective: Make grants available to serving and ex-serving personnel who are suffering from financial hardship or make grants available to serving members suffering from the effects of natural disaster.</p> <p>Results: Ten requests for support were approved. Bushfires did not overly impact serving members, however one member sought and received bushfire assistance. Three members received support as a result of additional expenses related to COVID 19.</p>	<ol style="list-style-type: none"> 1. Ensure expenditure within limits set by Board. 2. Review financial achievement and amenity improvement on bases receiving grants. 3. Review overall impact of grants to Bases on the Fund's financial operations. 	<ol style="list-style-type: none"> 1. Grants to Bases were approved by the Board. 2. The grants provided to Bases covered a wide range of welfare related activities and are expected to have a significant positive affect on the welfare and amenity of Air Force members and their families. 3. Previous funding under the scheme must be acquitted before current grants are paid. 4. After grant payments the Fund realised a surplus of income over expenditure in excess of \$250,000. This surplus is sufficient to cover any expected expenses and provide growth for the Fund.

Group Life Insurance Scheme		
<p>Objective: Provide permanent serving Air Force personnel with the opportunity to participate in a low cost insurance scheme.</p> <p>Results: 7641 permanent Air Force members were participating in the scheme as at 30 June 20. Membership remained steady with a minor decrease from 7808 from the end of the previous financial year.</p>	<ol style="list-style-type: none"> 1. Review achievement of membership target with an aim to maintain more than 50% and increase to more than 55% of Air Force personnel. 2. Review contractor performance and ensure fees in administering and underwriting the scheme do not exceed premiums charged. 	<ol style="list-style-type: none"> 1. Based on a permanent Air Force workforce of approximately 14,586 personnel the participation rate achieved was 52%. 2. Contractor (Ezidebit) provided an appropriate means of managing and collecting member contributions. 3. The Fund achieved a surplus of over \$38,000 after taking into account administration and underwriting fees. 4. 7 payments of \$15,000 were made to beneficiaries of deceased personnel during the reporting period.
